

NIGHT & LIMITED VISIBILITY COURSE

"Diving at night means excitement, adventure and fascination all at the same time!"

The underwater world is a new and mystical world for us.

While diving at night you can discover a different side of this world and you can experience it from a completely different view.

It is an unbelievable feeling to discover the mysteries held underwater when the sun goes down.

With the right equipment and a powerful torch there is a lot to discover. Night diving is a whole new way to experience the underwater world.
